DATE MAILED:

Commissioner for Patents

The reply filed on 21 June 2004 is not fully responsive to the prior Office Action because of the following omission(s) or matter(s):

The applicants have elected Group 1 detailed in the written restriction requirement mailed 26 May 2004 but have not elected one species of training compound listed in claim 12 and one species of optimum fit algorithm listed in claim 15 as required in the restriction requirement.

New corrected drawings are required in this application as detailed in the Form PTO-948 attached to the written restriction requirement mailed 26 May 2004. Applicant is advised to employ the services of a competent patent draftsman outside the Office, as the U.S. Patent and Trademark Office no longer prepares new drawings. The corrected drawings are required in reply to the Office action to avoid abandonment of the application. The requirement for corrected drawings will not be held in abeyance.

See 37 CFR 1.111. Since the above-mentioned reply appears to be *bona fide*, applicant is given **ONE (1) MONTH or THIRTY (30) DAYS** from the mailing date of this notice, whichever is longer, within which to supply the omission or correction in order to avoid abandonment. EXTENSIONS OF THIS TIME PERIOD MAY BE GRANTED UNDER 37 CFR 1.136(a).
